POOLING RESOURCES

Dip into a waterworld of wonder at Azure

Ever since the Indus Valley Civilization dug its Great Bath in the third millennium B.C., no summer has been complete without extended periods of poolside rest and relaxation. But those Bronze Age ancients could never have imagined the sublime degree of R&R at Azure, the adults-only pool at The Palazzo. World-class cuisine, cabanas with Xbox Kinect, stunning views of the Strip ... Azure has it all, and more.

Private and exclusive, with a sophisticated, St. Tropez-style ambience, luxury day club Azure offers two crystal-bright wading pools, a partially secluded hot tub and three-tiered fountain, 11 semi-private cabanas and 15 plush daybeds.

Azure's cabanas offer sumptuous couches and oversized chairs, with toys including cordless phones, flat-panel LCD TVs, DVD players, Xbox Kinect game systems and iPads. Each contains a personal safe and a fridge stocked with complimentary Red Bull and Fiji water.

Keeping guests cool on hot days are Azure's specialty cocktails, including Scent, a frozen concoction infused with Lillet Blonde and lavender bitters; and Fresh, a choice

combination of Ambar Tequila, cucumber, basil and lime juice. Keeping them satisfied is celebrity chef Wolfgang Puck's irresistible menu and helping to keep them in shape are treatments such as the Canyon Ranch SpaClub massage. (See page 52 for more.)

Azure is built upon "an unequalled level of service designed around each guest", says Sebastien Silvestri, Vice-President of Food and Beverage at The Venetian and The Palazzo. "Azure offers an experience like no other in Las Vegas, one that caters to people who appreciate the finest things in life."

Open daily, 11am-6pm, for guests aged 21 or over. Please call 702 767 3724 or see www.palazzo.com/azure for cabana, daybed and lounge chair reservations. **S**

JAZZ IT UP

Actress Brittany Snow enjoys the atmosphere poolside at Azure.
